

Sponsorship at the Wilderness Therapy Symposium

The Wilderness Therapy Symposium provides a number of opportunities to share information about your program, business, or organization.

Networking Reception:

From 4 to 6 p.m. on Friday afternoon, before the keynote, there is an informal reception where participants gather to share information and network with each other. Organizations are invited to display materials and share information about their programs, trainings, and job opportunities. The cost for a table at this event is \$50 for those registered and \$150 for those not registered for the Symposium.

Full Sponsor:

One or two organizations may sponsor the entire event. This is the highest level of exposure for your organization. We work with our Full Sponsors to determine how best to get your organization “noticed”. Possibilities include, but are not limited to: name on promotional materials and announcements, name on the conference program, mention at keynote events, signage, banners, and presence onsite, etc. Minimum cost is \$5000.

Meal and Reception Sponsorship:

Meals at the Symposium are sponsored by organizations. This sponsorship is critical to our event and allows us to feed participants at the reception on Friday, lunch and dinner on Saturday, a reception on Saturday, and a box lunch on Sunday. The cost of this sponsorship is arranged per meal.

Display Table:

There are a limited number of tables available for tabletop displays and promotional materials throughout the conference. These tables are set up in the main area where participants travel between workshops. A full 8-foot table costs \$750 and a half table costs \$500. Electrical outlets are available on request.
